

- I. The safety of pupils, employees and visitors shall be the responsibility of the authorized person in charge of each site owned or operated by the School Board.
- II. Schools shall cooperate with the police, sheriff's department, fire department and other agencies promoting safety education.
- III. No person shall bring on any School Board premises or have in his/her possession or in his/her vehicle on any School Board property, any firearm, weapon or destructive device unless such weapon is required as part of his/her regular job responsibilities.

IV. School Environmental Safety Incident Reporting

The Superintendent shall develop and implement procedures for timely and accurate reporting of incidents related to school safety and discipline and shall provide training to appropriate personnel in accordance with law and State Board of Education Rules. The District will utilize Florida's School Environmental Safety Incident Reporting (SESIR) Statewide Report on School Safety and Discipline Data to report the incidents of crime, violence and disruptive behaviors that occur on school grounds, on school transportation and at off-campus, school sponsored events to the Department of Education.

- V. A child under the age of sixteen (16) shall wear appropriate headgear as required by law for any equine activity on a public school site. Students shall wear appropriate headgear when participating in an off campus, school sponsored equine activity as required by law.
- VI. Nonmedical School District personnel shall not perform invasive medical services that require special medical knowledge, nursing judgment and nursing assessment including, but not limited to: sterile catheterization, nasogastric tube feeding, cleaning and maintaining a tracheotomy and deep suctioning of a tracheotomy. Nonmedical assistive personnel can perform health related service upon successful completion of child-specific training by a registered nurse, a licensed practical nurse, a physician or a physician assistant. These procedures, which include but are not limited to: clean intermittent catheterization, gastrostomy tube feedings, monitoring blood glucose and administering emergency injectable medications, must be monitored by a nurse. A registered nurse, licensed practical nurse, physician or physician assistant shall determine if nonmedical School District personnel shall be allowed to perform any other invasive medical services not listed above.
