

**Agreement Between
The Calhoun County School Board
And
Athletic Coaches Who Are Not School Board Employees**

I understand that before I am paid a supplement by the Calhoun County School Board for coaching a sport, the following conditions must be met:

1. The season of the sport that I coach must be concluded.
2. I **must** present a current valid Professional, Temporary, or Athletic Coaching certificate to the School Board Finance Office.

Once the above conditions have been met, the principal will write a letter to the Calhoun County School Board Finance Office authorizing payment of the supplement.

(Each coach must be fingerprinted and approved before having contact with students.)

I have read, understand, and agree to the above.
